**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please open the internet and encourage competition. We will all benefit.

Where I live, there is one company, AT&T, that controls all of the last mile cable and fiber. If they had no competition, we would be forced to pay exorbitant prices for throttled service.

The internet is bigger every day and the need for more data is growing. If service is allowed to be throttled, the large companies will have their way with their customers.

Please help to keep the internet a free market for all.

Thank you.
